EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Rory Rankin on 10/22/2007.

The specification has been amended as follows:

On page 15, line 26, "Still..." to "...medium." on page 16, line 3 has been deleted.

The amendment was made to avoid any references to the medium being transmission medium.

Reasons for Allowance

2. Claims 1, 4-9, 12-17, 20-22 and 25-27 are allowed.
3. The following is an examiner's statement of reasons for allowance:

Claims 1, 9, 17 and 22 are allowable over the prior art of record since the cited reference taken individually or in combination fails to particularly disclose inserting message within one of data packets responsive to determining the message does not

exceed a predetermined size, and where in response to determining the message exceeds the size, partitioning the message into a first plurality of blocks, each of blocks being less than or equal to said size, encoding the first plurality of blocks into a second plurality of blocks, the second plurality being greater than the first plurality and inserting each of the encoded blocks within a different one of the packets.
